OBJECTIVE

To secure a challenging position in a dynamic and innovative company, where I can utilize my skills and expertise to contribute to the organization's success and professional growth while advancing my own career.

PROJECTS

- **Tindog clone website:** Created a replica of the popular landing page named TinDog. TinDog allows the user to find other dogs & their owners nearby in the swipe left/right style made famous by Tinder.
- **Gericht restaurant website:** Designed an exquisite UI/UX using ReactJS, presenting a visually appealing and seamless browsing experience for patrons, showcasing the fusion of technical proficiency in ReactJS and creative flair in restaurant website design.
- **GPT-3 named chatbot clone website:** Crafted an intuitive UI/UX with ReactJS, seamlessly integrating the power of GPT-3 to deliver natural language interactions, showcasing a harmonious blend of ReactJS expertise and innovative AI implementation for conversational interfaces.
